July 11 and 12, 2009
Frankfurt/Germany

Bright Info Summer 2009

We will change the summer Bright from 3 to 2 days for the first time. In our mind it will be higher quality and performance. Date will be 11 – 12 of July 2009. Again it will be an extraordinary tradeshow with lots of new things, like more artshows, more nightlife, space for private meeting rooms and conferences, even a little more space for exhibitors. A weekend full of new collections, business, action, art, nightlife and friends.

Don't miss it and be a part of the Bright brigade!

About Bright

The Bright tradeshow has established itself to a constant venue for streetwear, sneaker, fashion and boardsport in Europe. Driving force and link between the different elements is skateboarding, whose influences shaped decisively the image and authentic character of the different segments. For a wide variety of brands Bright offers a product-related chance for presentation, its unique concept guarantees a maximum of image and identity. The individual location as well as the product-orientated framework, consisting of an innovative contest/artist program, support the characteristically atmosphere of the off-show. Skateboard culture and the relating side-events (artist shows & nightlife) are important features of the tradeshow; still the commercial aspect takes a primary position. With its concept the Bright tradeshow offers a very positive and comfortable atmosphere without neglecting the function as an interface between distribution and retail. A special focus on cooperating with the media leads to a maximum of transparency and carries the positive vibes beyond the location of the former police headquarter.

The unique concept of the whole event, a continuously growing exhibitors portfolio as well as the supporting program and the central location of Frankfurt are indications for a Bright future.
